NOW...THE 50-STATE TIRE

**Built to get you around a line of trucks on
Route I-94 or through the Loop rush hour traffic
...the new All-Traction by Goodyear.**

Americans drive their cycles farther and harder than anyone else in the world. They need their own breed of tire.

It's here. All-Traction is its name. Built by Goodyear to give the new machines a surer grip on American roads.

All-Traction has the traction compound and traction tread backed by the triple-tempered 3-T nylon body to be tough in town or on the turnpike.

You need "grab" for sudden stops. You get it from those chunky tread blocks. You get extra agility in traffic from the tread bladings. You get a grip on wet pavement because the All-Traction design spins water from under the tread.

You get maneuverability in downtown tie-ups, stability on curves, and durability to take a turnpike, mile after mile after mile.

You can get a tire from anywhere to fit your machine.

You'll have to get All-Traction from your motorcycle dealer to fit your driving. If he doesn't have All-Traction now, ask him to contact one of the Goodyear Motorcycle Tire Distributors listed below.

Goodyear, Cycle Tire Department, Akron, Ohio 44316.

Kawasaki builds motorcycles for people who know what it's all about!

Take the Kawasaki Avenger 350! It's the fastest, most powerful motorcycle in the 350cc-500cc class. Weighing in at only 329 pounds, the Avenger lets you get even with much bigger machines. Aluminum alloy 2-stroke twin with dual rotary disc valves gives you 40.5 horsepower...does the $\frac{1}{4}$ mile in less than 14 seconds! ☐ Take your revenge out on the Avenger...it can take it! Streak up to 115 mph...climb 40° grades...get up to 80 miles to the gallon. Feel safe, too with double leading shoe front brake, big 18 inch tires, double cradle pipe frame and engineering detail to aircraft tolerances. ☐ Avenger ends two-stroke lubrication worries with INJECTOLUBE...a road racing-developed, pressurized lubricating system used on Grand Prix motorcycle racing circuits. Are you the Kawasaki kind? Find out today. See your nearest Kawasaki dealer. See the Avenger!

Markel Takes Tulare 5-Mile

By Carol Sims

Photos by Walt Mahony

Close to the hay bales, Harley-Davidson mounted Bart Markel carves a winning groove.

Before the running of the 5-Mile National at Tulare, California, Grand National Champion Bart Markel remarked that he wasn't getting around any of the corners too well. But, coming out of the far turn on lap three of the final, Markel's Harley-Davidson swept past leader Dick Mann as he decisively took over the lead.

Disappointments were great as time trials whittled the bulging field of riders. Current National point leader Gary Nixon couldn't coax enough ponies from his machine to qualify, nor could National Champions Dick Hammer, Cal Rayborn or Eddie Mulder.

But Freddie Nix wasn't having any trouble. The talented Harley-Davidson ace sailed to a new track record of 26.64 seconds in qualifications, then followed up with the quickest heat race win over-

all. Close behind in time trials and a heat race winner in his own right, H-D rider Mel Lacher loomed as a formidable contender, too.

Despite these sterling performances, Markel expressed the view that his greatest opposition would come from veteran Al Gunter. Slidin' Al, winner of a recent non-National main event at Tulare on his Matchless, was unfortunately sidelined by a broken chain before the threat of ultimate battle with Markel could materialize.

Western riders seemed particularly plagued by problems. Dan Haaby's bike blew, Ralph White and Dick Hardmeyer unloaded, and Sammy Tanner pulled in while running far back in his heat. Mert Lawwill fared little better, but at least made the final — on one cylinder.

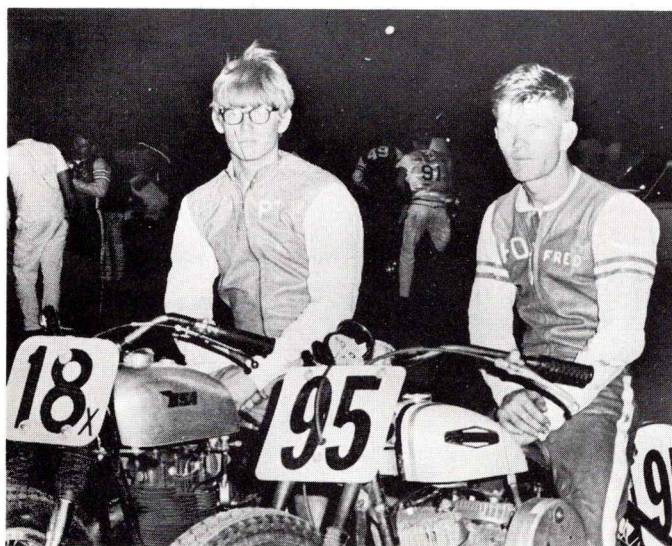

Temperatures soaring above 100 de-

grees had played havoc with carburetion. Undaunted by difficulties, BSA-mounted Mike Van Ness built up a full straight-away lead in the expert consolation over DeWayne Keeter (Velo) and Joe Klocow (H-D) in five laps.

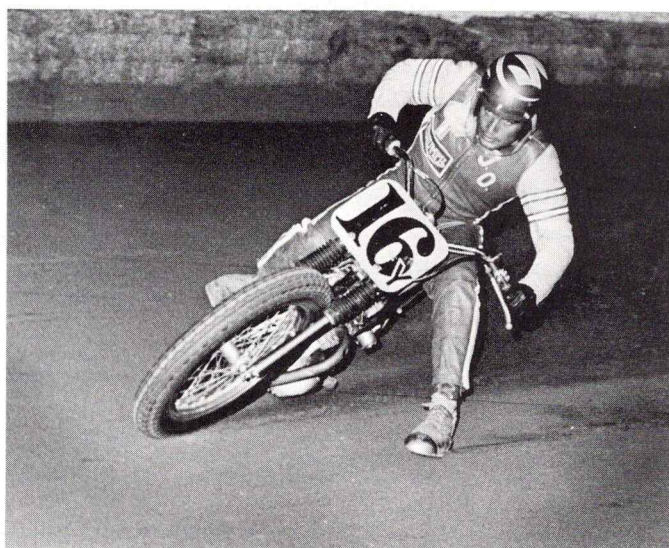

As the field roared off for the start of the 5-Mile, Fred Nix jumped into an early lead and after one lap held the advantage over Mann, Markel and Lacher. All were bunched closely and pressing hard . . . except Lawwill, who disconsolately pushed his machine into the infield for last place money.

Mann fought his way in front of Nix on lap two, ahead of Markel and Lacher, with Chris Draayer a rapidly closing fifth. One lap later Markel surged past Nix and Mann to take the lead.

Then Lacher made his move. Charging past Nix and Mann, he set his sights on

Quickest in the Tulare time trials were amateur Phil Todd (left) and expert Fred Nix.

Jim Odom, aboard a Triumph, went wire-to-wire in the amateur final winning by a substantial margin.

Markel, now half a turn ahead.

Try as he might, Lacher couldn't narrow the gap, and Markel held a safe lead at the finish. In winning the 5-Mile, Markel now has 20 National Championships to his credit, seven away from the all-time record held by Joe Leonard.

A persistent Draayer powered by Mann in the late laps to finish third. Mann, Nix, George Roeder and Ted Davis rounded out the field.

AMATEUR ACTION

In the Amateur division, Jim (Chief) Odom reigned supreme. The 19-year-old Triumph rider scalped his competition in both heat race and final, turning in better-than-Expert times and breaking track records (his own) in each event.

Also impressive was fastest Amateur qualifier Phil Todd, who delighted the fans with his spirited style — and gave promise of more to come.

York MC Holds Ninth Annual Benefit

The ninth annual York MC sponsored races were a carbon copy of last year with Bart Markel, Flint, Mich., emerging the winner. The event which is held as a benefit for the York City and County Deaf Children's Club was run before a packed stand of over 9000 spectators.

Markel got off the line third and was dropped to fourth by Dick Mann, Schenectady, N.Y. On lap five Bart passed Mann and by lap seven had moved into second ahead of Fred Nix, Milwaukee, Wis. It was not until the last lap that Markel found the opportunity to pass the leader, Ronnie Rall, Mansfield, Ohio, who hit a soft spot in the track and lost his motor momentarily. Markel's time was five minutes, 1.56 seconds for the five miles. Nix finished third and Chris Draayer, Salt Lake City, Utah, fourth.

Earl Lout, Hayward, Calif., hung in the race all the way to eventually win the amateur final. Earl Myers, Bladensburg, Md., the early leader was forced out in

Do You Have Any Suggestions For AMA Competition Rules?

If so, now is the time to present your thoughts or ideas so that they may be considered at the 1967 meeting of the competition committee. The committee is scheduled to meet October 30, 31, and November 1. However, the agenda must be prepared well in advance of that date.

Suggestions for rule changes should be sent to a member of the competition committee (a copy to the AMA, P.O. Box 231, Worthington, Ohio 43085) clearly setting forth the suggested change, its effects, the reasons why you believe the change is necessary or desirable and the name of the individual or group supporting the change.

For your convenience, here is a list of the competition committee members and their mailing addresses.

National Championship Requests Due By Oct. 1

All requests for National Championships MUST be filed with the AMA no later than October 1, so that dates may be checked, and all other pertinent information readied for presentation to the Competition Committee. The Competition Committee alone has the power to grant National Championships!

lap three with motor trouble and four laps later Louis Moniz, East Providence, R.I., met the same fate leaving Lout out front. George Cunha, Johnston, R.I., was second; Herb Kresge, Bangor, Pa. third.

Malcolm Doying, Bladensburg, Md., led from wire to wire in winning the novice final. The battle was for second between Tony Goffredo, West Paterson, N.J., Jerry Neal, Frederick, Md., and John Leale, Andover, N.J., with Goffredo nipping Leale at the finish.

Deluge Fails To Stop Annual Race

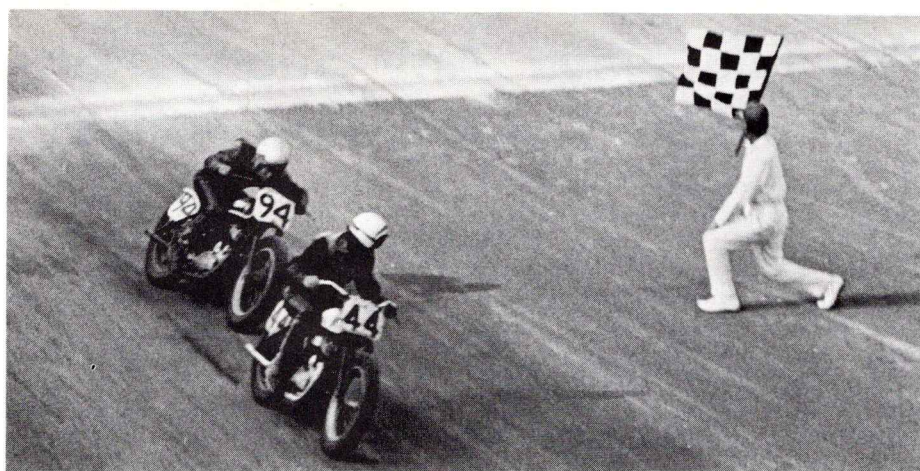

The Dayton MC held their annual five star half miler at Troy, Ohio the night

before the 10 Mile National and were greeted with a downpour that held up the event over two hours.

Despite rain and wet track over 3000 spectators out waited the weather and were rewarded with some excellent racing although the program had to be shortened to comply with local regulations.

Final results showed the expert main event went to Tom Heil, Trotwood, Ohio, followed by Fred Nix, Milwaukee, Wis., Darrel Dovel, Waukegan, Ill., and George Roeder, Monroeville, Ohio, in that order.

Amateur final was won by Ed Varnes with runners-up Jim Maness, Earl Lout and George Cunha.

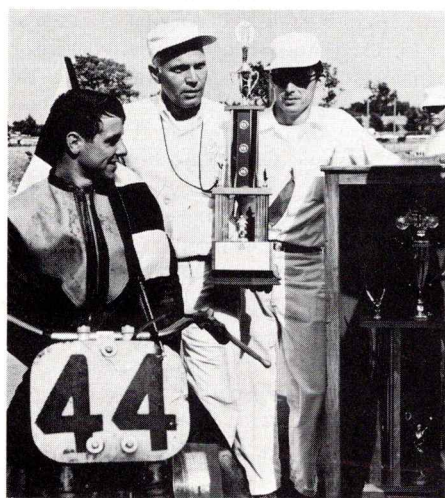

Tom Heil beats George Roeder across the finish line by only a few feet after a wire-to-wire battle that earlier had included Gary Hall.

Heil Ohio State Champion

Tom Heil of Trotwood, Ohio, riding a Harley-Davidson, won the Ohio State flat track championship at the 19th running of the Golden Arrow - Heart Fund event.

Heil grabbed the lead going into the first turn with Gary Hall and George Roeder right on his rear wheel. The three rode this way close together, trying to pass, drifting apart, then back together for three-fourths of the race while leaving the field far behind. With only four laps to go Hall left too much room in the second turn and Roeder slipped through into second. George now set sail for Heil but ran out of laps as Heil managed to reach the checkered flag a cycle length in front. Winning time was 9:19.10.

The expert final that preceded the

Tom Heil admires the large encased trophy on which his name will be placed for winning the Ohio State flat track championship. To get this trophy a rider must win the event three consecutive years. The trophy Heil will take home is being presented by Jim Snider (center) and Dave Gerhart, president of the co-sponsor Golden Arrow MC.

championship was won by George Roeder followed by Neil Keen and Babe DeMay.

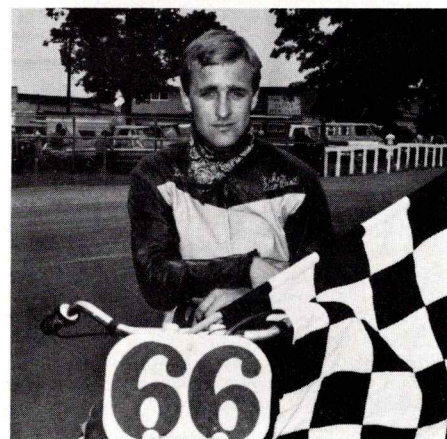

Amateur honors went to Ray Little who led Jim Compton and Larry Dullion over the finish line.

Novice winner was Dave Atherton with Terry Waite and Ronnie Melton finishing second and third.

Kenton Event To Hall

It seemed to be Gary Hall day at the Kenton (Ohio) Lightning Riders four star race meet. Hall from Westerville, Ohio led a strong field of 21 experts by winning his heat. In the main event he charged into the lead on the second lap and was never headed to the checkered flag. Following Hall in were Tom Heil, Larry Palmgren, Chuck Palmgren, Myron Nagorski, Ted Heil and Babe DeMay in that order. Larry Palmgren won the second expert heat.

Amateur winner was Jim Compton of Newark, Ohio and J.C. Hardin of Pontiac, Mich., scored the novice final win.

Gary Hall

Rider Profiles

No. 5 Larry G. Palmgren

Larry Palmgren of Freehold, N.J., is a factory representative for a pipe company. He is married with one three-year-old child.

The 29-year-old Colby, Kansas native started riding in 1955 and gained a great deal of experience in sportsman scrambles. About 1958 Larry turned professional just because he liked to race.

Motorcycling is his main hobby with half mile dirt tracks his favorite event and secondly he likes to hunt.

In looking to the future Larry said, "I plan to keep pretty close to the competition world if I can and would like to help my brother Chuck who also races."

No. 67Z Ronald J. Grant

Ron Grant who now resides in San Mateo, Calif., was born in England.

The 26-year-old motorcycle salesman

first started riding in 1960. He spent only one year in Sportsman enduros and road races turning professional in 1961. Ron says, "he switched to competition riding after watching several of the events and the type of event I like best is road racing."

In addition to racing Ron's other hobbies include fishing and photography.

Ron is married, has one child Jackie, three, and plans to own a motorcycle business in the future.

No. 68B James L. Varnes

Born in West Chester, Pa. 26-year-old James Varnes now resides in Vincenttown, N.J.

Jim took up riding Sportsman scrambles, road races, enduros and hillclimbs in 1957. As a spectator at professional events his interest grew to a point he finally turned professional in 1959.

He works as a service manager.

Sports are his hobby - mainly motorcycling, which means road racing as the favorite.

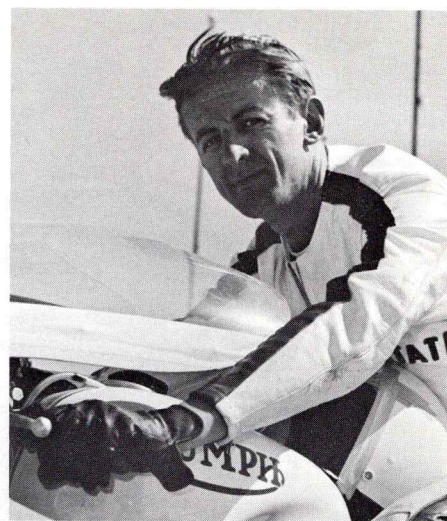

The James Varnes' have two children, James Jr. two and Judy seven months.

No. 83 Geo. C. Montgomery

George Montgomery who comes from New Rochelle, N.Y. now lives and works as a motorcycle service manager in Bladensburg, Md.

He took up riding in 1956 and competed in just about every type of Sportsman event including scrambles, trials, enduros, hillclimbs and field meets.

George said, "I turned to professional riding about 1959 because I enjoy the competition."

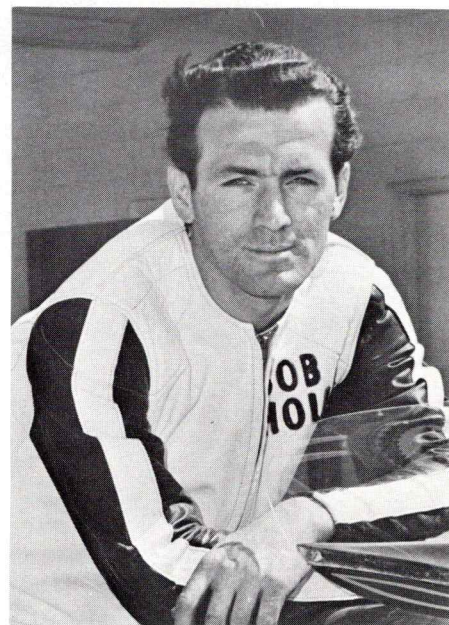

In motorcycling he likes road racing and photography is his other hobby.

Looking to the future George, who is 29, wants to continue working with motorcycles and possibly sponsoring a rider, "probably my son," he said.

This will not be for some time for in the Montgomery family are Cathy, four; Joann, three; and little Robert, six months.

No. 98 Robert T. Sholly

Robert Sholly, a native Pennsylvanian, was born in Harrisburg and now lives in Camp Hill.

He started riding in 1962 and turned to competition in 1963 just because he liked the motorcycle sport. In considering a favorite Bob said, "I like all the motorcycle events and as for hobbies I enjoy anything that comes along."

Bob at 24 is single, works as a carpenter and hasn't made any definite plans for the future.

He is a member of the Capitol City Motorcycle Club.

Lawwill Leads TT Field At Castle Rock

By Carol Sims
Photos by Walt Mahony

Riding superbly on a 45-inch flathead Harley-Davidson, Mert Lawwill took the lead on lap 11 and went on to win the 30-Lap National Championship TT race at Castle Rock, Wash.

The National victory, Lawwill's second, brought the talented San Francisco rider to within shooting distance of current AMA point leader Gary Nixon in 1967 championship standings.

Nixon became entangled with a fallen rider, Francis Franklin, and was unable to finish the final or gain any points. Franklin, however, remounted and continued on to 11th place.

The Castle Rock course, nestled in fragrant mountain greenery, is basically a half-mile dirt oval, with an infield jog on the backstretch.

Grand National Champion Bart Markel chose for his mount a rigid-frame 45-inch H-D flattracker, and so spectacular were his runs in practice and time trials that he was favored by many to swoop the field. At the start of his heat race, however, Markel's machine grabbed so much traction that it looped over backwards, sidelining Number One for the day.

By Main Event time Skip Van Leeuwen loomed as the man to beat. Fastest qualifier on his Triumph, the Flying Dutchman had broken the one-lap track record and followed up by winning the quickest of four Expert heat races.

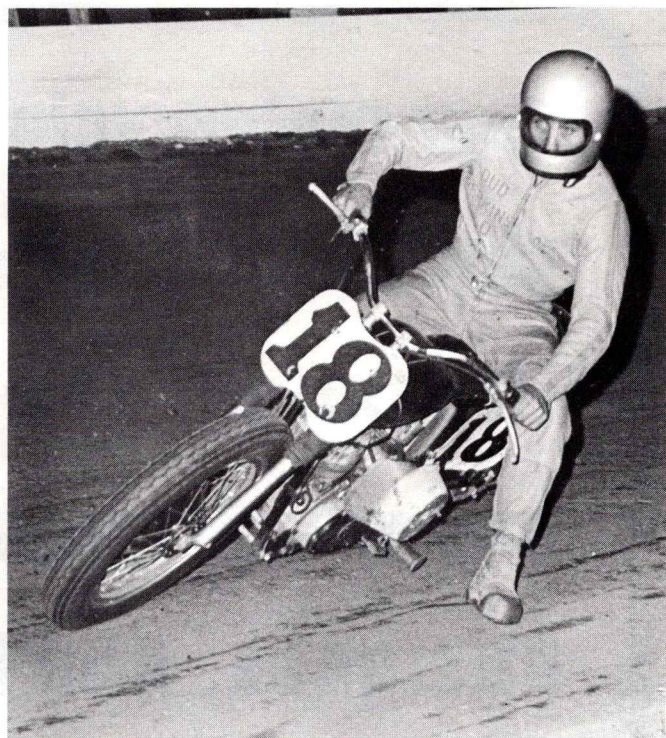

Defending champion Eddie Mulder got his usual flawless start and led the pack into the first turn, but midway through lap one Van Leeuwen took over, and promptly began to stretch it out.

Charging hard, Dan Haaby and Lawwill moved by Mulder a lap later. As the rest of the field scuffled for places behind them, the front-running four remained the same for some laps.

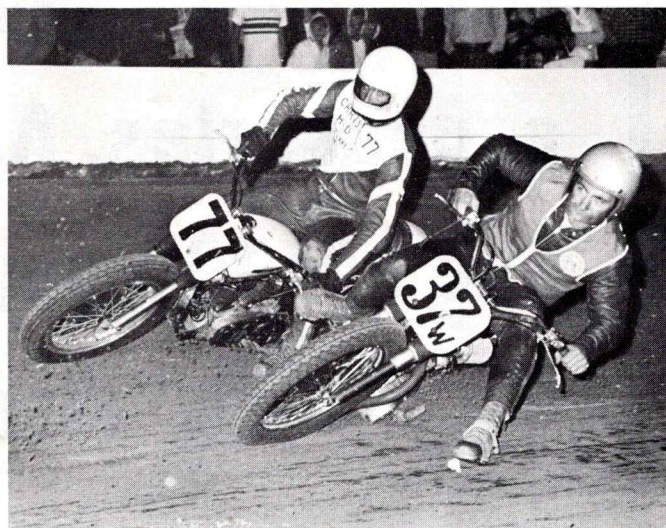

Only when Haaby moved up to challenge Van Leeuwen did the situation alter. Tangling briefly, both riders ran off the course and found themselves several positions in arrears.

Now Lawwill led, never to be headed, though fast-closing Dave Palmer posed a threat before his machine began to misfire. Fading somewhat, Palmer still managed to hold on

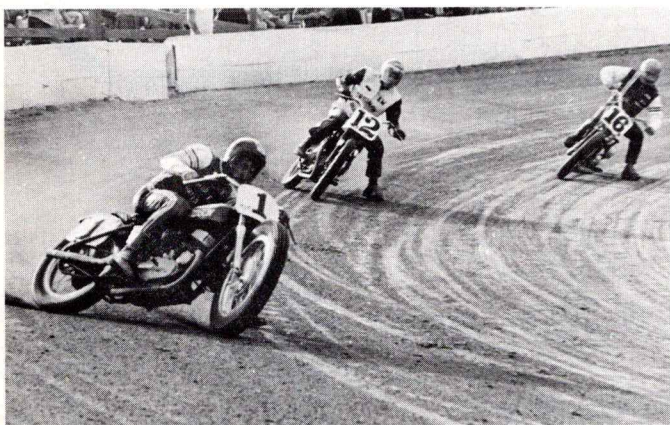

(Continued on page 26)

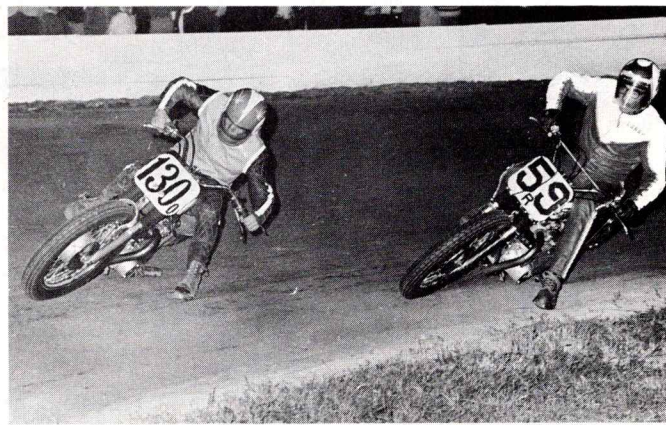

Smooth and swift, winner Mert Lawwill.

Chris Draayer (77) came from behind to finish third after a spill. Francis Franklin (37w) also unloaded, wound up 11th.

Sensational in practice, Bart Markel carves his own groove ahead of Eddie Mulder and Don McLeod.

Leading Amateur TT riders from North and South — Mark Williams (130q) of Cottage Grove, Ore., and Larry Wilburn (59r) of Lancaster, Calif. They finished second and third behind Jim Odom.

Your motorcycle dealer is the best place to buy parts and accessories! He knows about motorcycles and what riders need. That's his business. And he'll have a wide selection of Hap Jones parts and accessories. Ask him to let you see our 100 page catalog. You'll discover it's a great year for motorcycling.

SPORTSMAN COMPETITION

The riders camped and held their field meet under the tall pines at Good Luck camp ground.

One of the contestants in the process of winning another trophy for his collection in the slalom race.

Bob Decker, president of the Toppers MC awarded many beautiful trophies to the contestants.

Fourth Annual Big Bear Run

By George Hays

On July 8th and 9th, the little town of Fawnskin, located on Big Bear Lake high in the mountains above San Bernardino, California, hosted the 4th annual Big Bear Run. This A.M.A. sanctioned event, organized by the Toppers Motorcycle Club of Fontana, is perhaps the most scenic of all the Southern California road runs.

There was no official start or check points; riders rode directly to the finish point at Good Luck Campground, just north of Fawnskin. Regardless of the route the riders took, they were all treated to a ride over scenic mountain roads and through towering pines with breath-taking views at every turn.

Activities at the end of the run started with a performance by the Ace of Clubs Drill Team. A field meet followed with such contests as ride the plank, the weenie bite, the slalom race, and a barrel race. A barbecue dinner and a dance were held Saturday night. Sunday morning the dress competition was held, followed by the trophy presentation.

As the riders packed their tents and trophies for the trip home, they were planning to return for more fun on next year's run. With the winning combina-

tion of good scenery, good camping facilities and good fun, the Toppers Scenic Big Bear Tour will no doubt continue to grow and become one of Southern California's largest and most popular road runs.

Riders raced around the barrels ten times, then ran to their machines. Winner was the first to get his bike running.

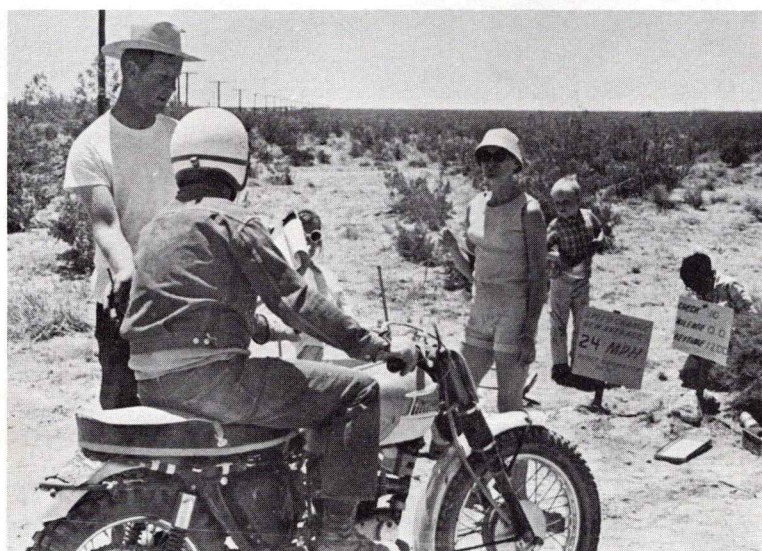

GREENHORN

A Fresh Start for the Greenhorn

AMA's 500 Mile National
Championship Enduro

By Lynn Wineland

Poster fans really picked-up when the giant green, black and white announcements of the classic Greenhorn Enduro began flooding the country. The familiar, cartooned 'Horn rider seemed to taunt with, "I'll bet you can't . . ." The challenge is well placed; for over a score of years the two-day contest has been acknowledged as "the" separator of men from boys, novices from experts, and to the unwary — riders from their bikes.

For regulars, who needed no additional urging, the excitement stirred when they read that the Pearblossom-to-Red Mountain rut was being vacated after six years and some fresh scenery would enliven the fast fest. Start spot would be the small, traveler-accented community of Gorman in the mountains northwest of Los Angeles. Wonder-of-wonders, even the overnight stop was switched to Ridgecrest; both spots affording excellent accommodations for food, fuel, camping or motel accommodations. The only part that seemed rough was traversing the 448.7 miles from one to the other, then back again.

With usual thoroughness, the sponsoring Pasadena MC had done a top-notch PR job with local Sheriffs, Highway Patrol, Forestry, Police, businessmen and residents along the twenty-one and a half hours course. Entrants received a complete envelope of maps, schedules, decals and instructions at headquarters in the Caravan Motor Inn, just a hundred yards from the starting line. Everything looked so precisely organized it seemed doubtful that anything might go wrong.

Bikes had been made near street legal for the first 20 miles out of Gorman — nearly the only pavement to be used. Winding up through the pines on the Old Ridge Route, a pleasant morning tour through farm and range country at the forest's edge eased anxieties for nearly an hour before speeds dropped from 30 to 24 mph average. Suddenly it was sand and Joshua trees instead of easy road. Newcomers floundered in the deep powder, while seasoned vets grinned, eased back on saddles and turned on the power; it was what they wanted and had waited for — action.

More action than bargained for came quickly. Behind a Joshua grove, only .8 miles in, was secret check A. Surprising the hot-shoes was common and many of the top riders were caught running ahead of time as they savored the enjoyment of good sand underwheel. Sneaky, crafty PMC . . .

Then, up into the Tehachapi hills with up and down trails with a frivolous bent that made riding in the now-warming morning the choicest of pleasures. Wary now, the expert clock-watchers cooled-it as they approached points of possible trickery. Secret checks were well hidden; another at 8 miles, then one at only 5.2! With nice country, layout crews had set the pace easy to keep, allowing slower riders an opportunity to catch up if the occasional rough-stuff put them behind. For the experts, keeping on their toes was assured by several changes of schedule using 30, 24, 20 and 9 mph averages.

At Willow Springs' gascheck, timekeepers waited. Then a few riders began to appear. Many were way late, quickly

Opposite far left: Few imagined the under 100cc bikes would do well in the 'Horn (except perhaps Dave Ekins), but it happened. Ekins won. How's that for exciting action, Sportsfans?

Opposite near left: PMC Greenhorn chairman Dave Holeman checks rider and gives rundown on what's ahead. This is a family affair as wives, girlfriends and children assist at checks, etc.

Below left: Originally thought to have won, Bob Steffans still finished as first "A" heavyweight and second over-all.

Below center: Cavorting was rare but fast schedules and rolling terrain produced some thrillers. Ron Bishop caught a surprise bump and was quickly lofted.

Below right: Jasper Kleinjan, Bismark, N.D., out-of-state winner found the 'Horn a bit different from Jackpine. Suit proved unnecessary since worst water crossing was damp, sandy spot. Right: Tooling easily through rocky sand river, Lloyd Cox garnered first in "B" heavyweight.

Far right: Pulling into Red Mountain gas check Dirt Digger pilot compares times with PMC crew. Handlebars were full with schedule holder, Ah-o-o-ga horn, aircraft 8-day clock and speedo.

fueled and sped off — their 20-minute break already depleted.

"Hey, what happened? Where is everybody?"

"I dunno, lost I guess. We were on arrows and lime, orange ribbon and all, but it just led back to the same place. Finally looked at the maps and came on in: picked up the course again right around the next bend. The trail has a loop in it and there're so many bikes racing around the circle it looks like Ascot. They oughta put a wagontrain in the middle!"

It had happened. Fortunately, most riders caught on, or just followed others on in to the gascheck. The boo-boo was premature marking of Sunday's return course, which crossed, paralleled and re-crossed the outbound Saturday trail. Different colored cards and ribbon for each day would have eliminated the hassle.

By the next check most riders were back on schedule, though a few tempers smoldered. Blame it on the sun, maybe. Mid-morning temperatures hovered near the century mark. Usually the 'Horn runs in May, but an AMA mandate due to the

national status slated this year's for a month later and the desert declined cooperation.

After a fantastic trail through low bushes, the course led up Bean Canyon — a favorite playground for desert bike fans — onto narrow ridges, eased around cedars on paths precariously close to canyon edges, then fed up a rocky draw to emerge on a side-hill road partially blocked by a dry cow carcass. Climbing to the top of the mountain and rounding a bend produced a breath-taking view of the desert floor below. Then the road ended.

The way down was sudden, steep, though soft, and it was necessary to work around a couple of big cedars to avoid a swift drop into a narrow gorge blocked by big rocks. Strangely, the rocks had fluorescent greetings like, *Hi!*, *WOW!*, *Now GO!*, and *Whew!* Some riders were too busy to read. Others had trouble since the rocks — and the world — kept turning upside down *WOW! Whew!* Nine-mile-an-hour average indeed! Try *three!*

A few miles of *duck soup* phone-line road and everybody's feathers were back straight: Check the time; lost a couple at Secret "F." Hustle, baby, *hustle!* Back okay now, cool it; five miles coming up... Cross the Oak Creek highway, wave at the radio unit guys, thumb nose at pit crews for ring-dings with dinky tanks, flip the bone at those drop-outs making funny signs. Scrunch around on the saddle and try to find some new bumps to sit on. 7.3 miles... easy over the hill... okay. Neat fenceline trail here. Oops... off the seat... *YANK!*... Now, why the H— wasn't that danger marked? 8.0/Okay! Where are the other guys on the minute! Okay... Yep... Alright. Good. Watch it — 8.4 around the bend. Okay. On time. "Hey, hold up! Canteen Time!"

(Continued on page 27)

Cover

Pursing lips in anticipation of secret check just over crest of shale hill, LeRoy Poulin leads Lloyd Cox and Chuck Orr. One of few teams to finish intact, all three "B" riders were in the hardware come trophy time.

Field Meets

Gain In Popularity

A Field Meet is one of the oldest events to be held when motorcyclists gather for a rally, tour or just a run and picnic.

Their popularity stems from the fact that everyone may participate. One does not have to be a racer or have special equipment. Just an ordinary road bike that was ridden to the event.

The games and contests are many and varied and give each contestant the opportunity to display his skill and ability to handle a motorcycle.

The trophies awarded are highly prized by winning contestants and many have accumulated large and impressive trophy collections.

Published herewith are the general rules and many of the games that make up a field meet.

ARTICLE XXXV

FIELD MEET

Sanction Fee \$5.00

Sec. 1. A Field Meet may be described as a meet on a private course or field, including a series of events or games.

Sec. 2. At the discretion of the promoting club motorcycles may be hauled or towed to a Field Meet, or automatically disqualified and not allowed to compete. METHOD MUST APPEAR ON ENTRY BLANK.

The following are a few suggested events for a Field Meet Program:

GOLF BALL PICK-UP CONTEST

Stand six, eight or ten empty beer or large size soft drink bottles in a line about one motorcycle length apart. Place a golf ball on the neck of each bottle, the object being to ride along and pick a ball off each bottle without knocking any

bottle over. Start each rider from a line about six feet back from the first bottle and the rider picking the ball off each bottle without knocking any bottle over in the shortest time is the winner. All rides should be timed by a stop watch, and eggs may be substituted for golf balls, in which case the object being not to break any eggs.

SPARK-PLUG CHANGING CONTEST

Place a barrel or box about 20 yards or more from the starting line, and put a spark plug and wrench or pliers on top of barrel. Be sure that you have enough plugs so the one used will fit the motorcycle of the next contestant. The object is for each rider to ride to the barrel, cut off his ignition, remove one plug, replace it, put his plug and the tools back on the top of the barrel, start his motor and ride back to the starting line. All attempts should be timed by stop watch and any motor not firing on all cylinders, before or after the exchange is made, should be disqualified.

STAKE RACE

Drive six or more stakes in ground, about one motorcycle length or more apart. All stakes should be driven vertically and protrude about four feet. Allow every rider to enter from either side of the first stake he chooses, the object being to ride through the line of stakes on alternate sides of each stake, circle the last one, and return by the same method. Each ride should be timed, and the rider who has the fastest time without knocking down or breaking any stake is the winner.

PLANK RACE (MINUS PLANK)

Take two white strings and fasten them on the ground about 10 inches apart for a distance of 50 feet. Then send all contestants down between the strings as fast as they can go. All riders who stay between the strings are given another trial with strings moved closer together until all but one are eliminated. It is also suggested that the riders be blindfolded and given a try at riding between the lines, however, this should be done one rider at a time.

DIG OUT OR ACCELERATION RACE

Line up as many contestants as there is sufficient ground for and allow a safe distance between each motorcycle. Select a finish line far enough away to assure all entrants of shifting gears at least once. Elimination trials may be held, the winner being the first rider to cross the finish line. Be sure the ground used is safe for every contestant and avoid spills at the starting line by spacing all starters properly.

PING PONG CONTEST

Mark a line about 100 yards long and place an open barrel or oil drum at some distance to one side of the line. Each contestant must ride (at any speed he chooses) down the opposite side of the line and attempt to throw an indoor baseball into the barrel.

SLOW RACE

Line up all entrants about five feet apart and select a finish line from 30 to 60 feet away. All riders must start at the same signal and the last rider to cross the finish line shall be the winner. Any rider touching either foot to the ground after the starting signal is disqualified.

This activity may also be held by running each rider individually through a narrow lane marked with string or lime. The winner to be the one who takes the longest time to cross the finish line without either wheel of his motorcycle crossing the sidelines or touching the ground with either foot.

SPINNING CIRCLES

Select a suitable spot and by timing each contestant individually determine which rider can spin the greatest number of circles in a certain allotted time. One minute should be sufficient for this event, however, it is suggested that a vote be taken of all entrants to decide the time limit used.

WHACKING THE MURPHY

Each rider is armed with a broom handle or the like and tries to smash a large potato placed on top of a stake driven firmly in the ground. The stake should be planted vertically and long enough to bring the potato at about the height of

In this field meet contest, the winners are the team who manage to pin the most clothespins on the line. This contestant is really bending over backwards to make a good score. Photo by George Hays.

the rider's waist when mounted. The rider is to cut at the potato downward, side strokes not counting. A speed of more than 15 m.p.h. should be required of each contest. The winner is the one that breaks the potato.

STOP OR LOSE RACE

A line is drawn, preferably one of tape, across one end of a field. The contestants are lined up at the other end. At the signal they start for the line, and the first man to get there, who does not cross it, is the winner. This is a case where speed counts, but still makes it harder to win. No part of the machine must cross the line and spill disqualifies.

ELOPEMENT RACE

Fasten a basket or small box to the top of each of two stakes driven in the ground about 60 feet apart. The top of each basket should be about five feet above the ground. In one basket place a few items of clothing; such as, a pair of silk stockings, a necktie, a shirt and an old coat or vest. The first contestant shall begin at the starting line (midway between each stake) and his girl partner is given an empty saddle bag. At the signal the girl must jump onto her partner's motorcycle and ride to the basket containing the clothing. Here she must dismount and take each article individually out of the box or basket and place it into the saddlebag while her partner turns the motorcycle around. She must then jump onto the machine and ride to the opposite stake, dismount and place each item from the saddlebag into the basket, while her partner again turns the motorcycle around. The girl must then jump back on the motorcycle and ride across the starting line. The winning couple shall be the team who accomplishes the event in the shortest length of time, Potatoes, golf balls, etc. may be substituted for the articles of clothing.

BALLOON BURSTING CONTEST

Arm each rider with a rolled-up newspaper of equal lengths and fasten a balloon to back of each rider. Start all contestants inside a large marked circle, this must be big enough to accommodate the number of riders participating. At a signal each rider must stay on his motorcycle and attempt to burst as many balloons of other riders as he can without allowing his own to burst. As soon as a balloon is broken that rider must immediately withdraw from the circle. The last contestant to remain with his balloon unbroken is the winner.

WESTERN RIDING CONTEST

Lay three or more handkerchiefs on the ground about 25 or 30 feet apart, and mark a starting line at some distance from the first handkerchief. Allow the same number of attempts for each con-

It takes real skill to ride a plank and very few riders make a good score, but it's always lots of fun. Photo by George Hays.

testant, and the winner is the rider who rides from the starting point and picks up (by hand) every handkerchief in the shortest time.

BARREL ROLLING

Mark a start and finish line about 50 feet or more apart and place two or more empty oil drums on the starting line. Each contestant must start with the front tire of his motorcycle against the drum or barrel, and at a signal attempt to push it across the finish line. The first rider rolling his oil drum across the finish line is the winner and no contestant should be allowed to touch the barrel with anything except his front wheel.

SHOE RACE

Place both shoes or boots of every contestant in a pile about 100 yards from the starting line. At the signal each rider must ride to the pile of shoes, put on his own, and then ride back to the starting line. The shoes and boots should be well mixed up and the winner is the first contestant to ride back to the starting line with his own shoes on.

BACKWARD PUSH

Line up all contestants in front of their own motorcycles and facing the finish line. At the signal each contestant must push his motorcycle backwards, and the first one to reach the finish line is the winner.

WITHOUT MOTORCYCLES DIZZY RACE

Drive a stake about 50 yards from the starting line so that it protrudes about eight inches above the ground. A contestant must run to the stake, place his hand on the top of it, turn around it four times and run back to the starting line. Time each attempt individually, and the contestant with the shortest time is the winner.

MISCELLANEOUS

Many events such as three-legged races, sack races, wheelbarrow races, short dashes, are appropriate for Field Meet programs and offer a variety from events staged with motorcycles.

POINT SCHEDULE FOR JUDGING UNIFORM CLUBS

	Possible points
1. General appearance	
Matching shirts	10 points
Matching Breeches or Trousers	10 points
Matching Caps or Helmets	10 points
Matching ensemble	10 points
Matching boots or shoes	10 points
2. Safety effect and practicability uniform	20 points
Helmets (points not awarded if club does not wear or display helmets)	5 points
3. General conduct while on display	15 points
4. Percentage of members in uniform	10 points
(no points to be awarded if less than 10 members are present for the judging)	

If a club has a uniform auxiliary, it may be judged as part of the club or as a separate unit.

Judges - Each participating club shall be required to furnish one Club member entered in the contest to judge and score all other entries, except his own club. The winners will be determined by the highest number of points compiled after all scores sheets have been totaled. Judges shall not confer while the judging is in progress. In case of a tie, the 1st place winners shall be rejudged for 1st place only. Judges from tying Clubs will not judge in case of a tie.

1967 Typical Girl Rider Contest

Plans have been made for the 19th annual Typical Girl Rider contest which will again honor the top ten girls as chosen by the AMA clubs.

It is the club which will nominate as an entry the girl they feel is a credit to motorcycling. There is no limitation as a club may sponsor as many contestants as they wish.

The requirements that all contestants must meet are that they be an AMA member in good standing and be able to ride and operate a motorcycle. Contestants do not actually have to own a motorcycle to qualify.

Entry blanks will be mailed to all AMA clubs in good standing early in September. Each entry must be completely filled out, signed by the contestant, countersigned by the president and secretary of the sponsoring club, and accompanied by a photograph.

Pictures must be clear and sharp for publication in American Motorcycling. NOTE: If a picture is fuzzy, streaked, out of focus, too small in size or has any other flaw which will not permit clear reproduction, it will be rejected.

When the contestants pictures are published, usually in the December issue, ballots will be mailed to all AMA clubs in good standing and it is from these pictures the clubs will select the girls for whom their ballots will be cast.

All entries must be postmarked by the deadline, midnight October 15, 1967.

Coinciding with the Typical Girl Rider contest is the Outstanding Male Rider contest. There are no special entries or published pictures as the clubs are permitted to vote for any motorcyclist. This includes competition riders, sportsman riders, club members, referees, dealers, etc. Ballots for this contest will be mailed with the Girl Rider contest ballots in December.

OFFICIAL RULES

TYPICAL GIRL RIDER CONTEST

1. Each AMA club may sponsor as many contestants as they wish.
2. It is not necessary that a contestant be sponsored by more than one club.
3. Each contestant must be an AMA member in good standing.
4. Each contestant must be able to ride and operate a motorcycle.
5. Each contestant must be entered on an official entry blank bearing her signature and that of the club president and secretary.
6. A photo of the girl must accompany

the entry. PHOTOS MUST BE SHARP AND CLEAR FOR REPRODUCTION. (If fuzzy, streaked, out of focus, too small in size or have any other flaws detrimental to reproduction, THEY WILL BE REJECTED.)

7. All photographs become the property of AMERICAN MOTORCYCLING and none can be returned. AMERICAN MOTORCYCLING reserves the right to reject any entry.
 8. Entries must be postmarked before midnight October 15, 1967. Any entries dated after this deadline cannot be accepted.
- VOTING INSTRUCTIONS TO APPLY AFTER BALLOTS ARE RECEIVED
9. Each AMA club has 100 points for voting - First choice, 50 points; second choice, 30 points; third choice, 20 points. Members shall collectively agree on their first, second and third choices and shall list them on the official ballot, or they may list only one contestant and give her the entire club's 100 points.
 10. Votes received on any form other than an official ballot will not be accepted. All ballots must be signed by both the club president and secretary.
 11. Any votes received after the voting deadline as listed on ballot, or for girls other than those officially entered will be automatically voided.

Photo Contest Rules

Don't forget to keep sending in your photos. The bigger the prints are the better for judging. The photos must be clear and sharp when enlarged so that they can be reproduced in the magazine.

Entry Requisites

The photographer must be a member of AMA. The photos must be entered by an AMA chartered club in good standing. The club must presently subscribe or must take a minimum one year subscription to AMERICAN MOTORCYCLING.

Photo Requisites

All photos must depict some activity of AMA. They can be action photos, comedy scenes of some club activity, racing, outings and others showing individuals, or groups with motorcycles. Photos can be either black and white or color. The negative must accompany the photo. Negative will be returned when requested, otherwise they will be kept in the club file. Negatives of winning photos must remain with the AMA for the duration of the contest. We must have a signed release from each person in the photograph allowing American Motorcycling full rights to use the photo for publicity reasons. The photographer and a Club officer must also sign this release. Use the photo release in the mailed announcement for the first photo and make copies of the release form for subsequent entries. Clubs may enter as many photos as they wish during any one month and over the duration of the contest. Photos cannot have appeared in any previous publication or magazine.

Contest Duration

12 months contest starting in January with winners each month.

Awards To Winners

1st, 2nd and 3rd place winners will be selected each month by our judges. Each of the 12 monthly first place winners will be judged to determine the GRAND PRIZE WINNER. Twenty-five, fifteen, and five dollars cash awards will be made each month. The Grand Prize winner will receive fifty dollars. All awards will be made in the name of the winning club. All first place photos will be printed in AMERICAN MOTORCYCLING magazine. The Grand Prize winner will be used as the front cover for an early 1968 issue of the magazine. Photo credits will be given to both club and photographer.

Photo To Go On Display

All monthly first winners and the Grand winner will go on display in the NEW American Motorcycle Association Building in Worthington, Ohio.

The Grand Prize winning club will receive an enlarged and framed copy of their winning photo.

SEPTEMBER, 1967

This winning photo was submitted by the Rib Mt. Riders MC of Schofield, Wis. It was taken by Jim Muszynski of Charles Wadzinski at the Laub Riders hillclimb at Phillips, Wis.

PHOTOGRAPH RELEASE

We release this photograph to the American Motorcycling Magazine and to the American Motorcycle Association for the purpose of entering it in a Photo Contest and we further release this photograph to them to be used for publicity and to be printed in American Motorcycling Magazine and other publications.

Motor maids at Lancaster, Pa., make a memorable picture for the family albums.

MOTOR MAIDS AT CONVENTION

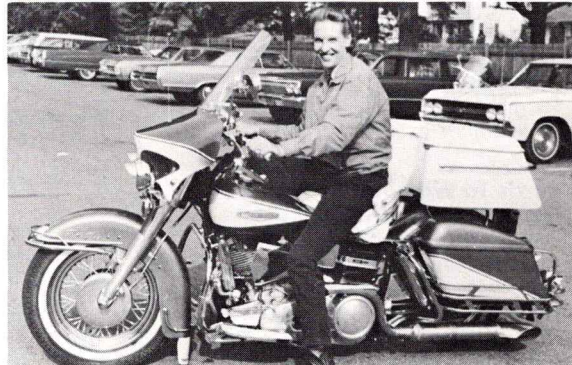

A pictorial summary of the Motor Maids' annual convention which was held in Lancaster, Pa. A total of 98 Motor Maids and 58 guests attended. They came from 21 states and covered a total of 107,002 miles. The best represented state was Indiana whose Maids logged 8,000 miles.

On way to MM banquet are President Mary Cutright and Jane Langley (foreground) followed by Dot Smith and Nancy Cutright.

Motor Maids enjoy a traditional Maryland Crab Cake luncheon at Peerce's Plantation which borders on the scenic Loch Raven Reservoir.

Long distance winner was Sandy Whetnall of California who covered 3,098 miles to attend.

Maids prepare for journey home.

The 7-Mile National Championship Dirt Track race will now be held at San Jose, Calif. on Sunday, September 3. This event was originally scheduled on Labor Day at Wichita, Kansas. Last year the seven-miler was run at Lincoln, Ill., in 100 plus temperatures which didn't seem to bother the many time Illinois flat track champion, Babe DeMay from Moline. After a 14 year drought, Babe found the right combination and posted his first national championship title by leading from wire to wire.

Babe DeMay (51), Moline, Ill., sees national victory coming his way at last year's 7-miler. The climax of 14 year's efforts.

On September 9 touring riders move to Gardena, Calif. at Ascot for the 8-Mile National Championship Dirt Track Race. In the eight years this race has been held at Ascot a Californian has always won and for the past three years Sammy Tanner of Wilmington has literally taken possession of the event. As defending champion last year Tanner left no doubt about his intentions when he rode off with the fastest heat race and then grabbed the lead on lap three in the national and was never challenged.

Back in the Midwest on September 16-17 a much slower pace will prevail at the

September Nationals

St. Louis Cyclettes' 24 Hour National Championship Marathon. This super test of rider and machine may not have the flair of a race meet but it does have a strong attraction of its own. Spectators may come and go during the event but there are many who sit out the entire run always ready to give encouragement and much needed support to the riders who last the long 24 hour period. Dave Mungenast, House Springs, Mo. last year's winner, will undoubtedly be back to defend his title. Dave also won the marathon in 1964.

Also on September 17 the 150-Mile National Championship Enduro will be run in Schuyler and Tompkins Counties in New York state. Last year's winner, John Young, Alsip, Ill., took the title by a slim three point margin but will be back to try for top points towards the Grand National Enduro title.

Sam Tanner, Wilmington, Calif., seems to be the perennial 8-mile champ. Can he do it again?

Practically paralyzed after 24 hours of riding Dave Mungenast, House Springs, Mo., nears the finish time to win last year's marathon national. Dave also won in 1964.

September 17 the west coast will also be active with the running of the 25 Mile National Championship Dirt Track at Sacramento. This will be the first 25-Mile Championship since 1961 when Joe Leonard won on the Sacramento track. For many years the 25-Miler was held at Springfield, Ill., and in 1957 when Springfield changed to the 50 mile distance, the 25 Mile was moved to San Jose and then to Sacramento. This event ran for three years and then was dropped for the shorter 20 Mile Championship.

Last year at Sacramento Fred Nix won the 20 Mile in a homestretch drive that beat Sammy Tanner by only a few feet. It was the first national win for Nix as he and Tanner kept the crowd on their feet cheering most of the distance.

September events will close on the 24th with the 75-mile National Championship Road Race at Carlsbad Raceway in southern California. The defending champion, Cal Rayborn, will have his work cut out as last year he posted wins in the championship and 250cc combined class. The top riders will be out in full force for this one trying to pick up those 71 national points.

Fred Nix, Milwaukee, Wis., grabs victory away from Sam Tanner in the last few yards of the 20-mile in 1966. It was a nip-'n-tuck race all the way.

National Enduro Point Standings

1. Bill Baird	65	14. William Ralph Maxey	10
2. Dave Ekins	60	John Young	10

Pete Bogardus	12	Jack McLane	1

TRIUMPH[®]

SWEEPS LOUDON-LACONIA

Nixon and Cunha Win as Triumphs Dominate the Races

GARY NIXON

Gary Nixon, currently leading in National Championship points, rides his Triumph T100 Daytona Tiger Model to impressive victory in the Loudon-Laconia 100 Mile National Championship Road Race. Steady downpour explains the Baltimore champ's rainsuit.

TOP NINE AT LOUDON-LACONIA

(A.M.A. Official)

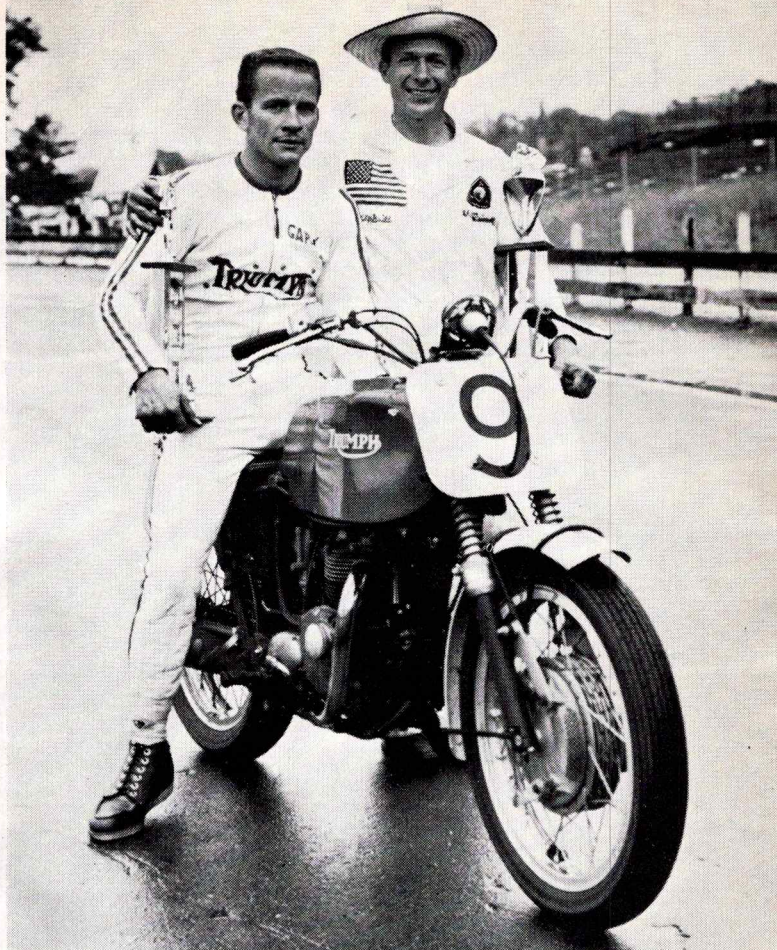

- | | |
|----------------------|----------------|
| 1 Gary Nixon..... | TRIUMPH |
| 2 Chris Draayer..... | HD |
| 3 Dick Hammer..... | TRIUMPH |
| 4 Mert Lawwill..... | HD |
| 5 Roger Reiman..... | HD |
| 6 Fred Nix..... | HD |
| 7 Buddy Elmore..... | TRIUMPH |
| 8 Dick Mann..... | BSA |
| 9 Bill Sholly..... | TRIUMPH |

Three stars shone brightly through the rain at the Loudon-Laconia June Classic, here reported with photos taken in a downpour.

Gary Nixon, 26-year old Baltimore champion, lapped the entire field, except for Chris Draayer, in this gruelling test of men and machines. Nixon just missed setting a new record in the 100-mile Expert National Championship Road Race. He rode a Triumph T100 Daytona Tiger Model . . . the toughest, fastest motorcycle built.

The Amateur 75-Mile Event was won by a coming star, George Cunha, riding a TRIUMPH road racer tuned by Don Cutler.

The third star? See your nearest Triumph dealer and ride the machine that swept the race.

GEORGE CUNHA

Riding a Triumph road racer, George Cunha, rising star from Rhode Island, exhibits the flat track form that won the fans' applause . . . and the race.

NIXON/GUILD

Cliff Guild, Triumph-Baltimore's Chief Tuner, grins satisfaction over the smashing victory of his rider, Nixon, in a tough, wet race.

HOW AMATEURS FINISHED

- | | |
|--------------------|---------|
| 1 George Cunha | TRIUMPH |
| 2 Walt Fulton, Jr. | HD |
| 3 Ron Weidman | HD |
| 4 Jim Anzalone | TRIUMPH |
| 5 George Russell | TRIUMPH |
| 6 Ed Varnes | BSA |
| 7 George Crockett | TRIUMPH |
| 8 Ed Sensenig | TRIUMPH |
| 9 Karl Beghtol | TRIUMPH |
| 10 Don Meyers | TRIUMPH |

7 of the top 10 rode Triumphs. Nothing amateur about a motorcycle with this record!

for second.

Spills and mechanical difficulties took their usual toll, relegating several favorites to the pits prematurely. But Chris Draayer, who unloaded in the early going, refused to give up. His comeback ride to third place was a highlight of the day, and a singular lesson in determination.

Van Leeuwen, who wound up fifth behind Haaby, rode the last half of the race with a jammed brake lever, but despite this handicap held off the late-lap advances of Mulder and Dusty Coppage.

In scoring his first major victory since last year's Sacramento 20-Miler, Lawwill not only became the first Harley-Davidson rider to win a West Coast TT National, he broke the Castle Rock track record to boot.

AMATEUR ACTION

It was all Jim Odom in the Amateur division. The Fremont, California Triumph ace, winner of the Tulare half-mile Amateur final a week before set fastest yellow-plate qualifying time, won every race he entered, and established new records in each event.

An expected threat from leading Northwest Amateur TT rider Mark Williams failed to materialize. After winning his heat race, Williams missed a shift at the start of the final and fell far behind. Rallying gamely from 9th, he pushed his Triumph through the pack with a vengeance, gaining a well-deserved second place at the finish. Southern California's number one Amateur TT rider, Larry Wilburn, took third.

The wealth of TT activity in the Northwest area has produced an enthusiastic crowd of followers, and they were vocal in their appreciation of the swiftly-paced National program.

Much credit is due AMA Referee Dave Welsh and members of the Mt. St. Helens Motorcycle Club for their efforts toward making the Castle Rock 30-Lap TT National an unqualified success.

OUT OF COMMITTEE

Comments from Paul McCrillis
Director Governmental Relations

In our previous column we reported on the states that had passed helmet legislation. Since that writing we have received the text of a helmet law passed in Connecticut which will become effective on October 1, 1967.

An unusual law has been passed in Florida which requires that motorcycle operators and passengers in Manatee County wear helmets. This law was approved by the Governor and became effective June 19, 1967. It is noteworthy that a metal helmet is permissible in Manatee County. We understand that the law passed earlier requiring state-wide use is not to be operative until 60 days after the Legislature adjourns. We have been unable to learn whether the state-wide law will supercede the Manatee County Law, when the former becomes operative. The state-wide law also requires use of protective safety masks or protective safe-

ty goggles at all times.

As many readers know the MS&ATA has sponsored a "Lights On For Safety" campaign. Some scientific evidence was available that use of so called "running lights" on cars attracted attention, increased recognition of approaching vehicles, and thereby reduced accidents. It had also been reported that post-accident interviews gave a clear indication that automobile operators just do not see the motorcyclist. Perhaps as a result of the MS&ATA campaign, several states have entertained legislation which would make driving with lights on a requirement at all times. In New York State the Governor vetoed the bill which was passed by both houses. In Indiana, Oregon, Montana and Arkansas the law passed. What started as a voluntary safety measure for the individual has become a matter of legal mandate in at least four states.

Gurg . . . warm water! Gotta make it now; behind. Okay 8.8, 9.2, 9.6, 10.0. 'Sfunny . . . swell place for check! Off course? Nope, there's cards. Wonder how they're going to get us around those hills? 10.4 . . . Isn't that what the "Fuzz" always say? "Ten-four!" Hm . . . gotta fix that front fork seal one-a-these-days. WOW, *That* was a dandy! Didn't even see it! Lessee now, there's a speed change up here about a mile — could be a sneak check, too. Huh-uh, you can see clear up the side of the hill. Ah-HA!! We don't go a-round the hill . . . we go *over*! Okay, Speed Change, 9 mph, re-set odometer to 00.0. Oh, NO! Not *nine* again, that's a tough one to figure. Hm! only .6-mile? Better hustle! C'mon Baby. Jeez, this sucker's a steep one goin' up! *Traction*, Baby! Holy COW, lookit the view! They *wouldn't*. They *ARE*! Boy those guys down there are little! Hm! . . . Pretty sandy. Not so bad; just stick it in low, use the clutch and a tad of front brake. "Hey! Move it! . . . Comin' through! . . . Hot Stuff!" Man, he's really a novice! Oops . . . it's a *girl*! Lemmy see now . . . Whudded I say I shouldn't-a? Looks like a check down there. Can't quite make out the people. Boy, is this steep! Y'know, I coulda gone to the beach this weekend! 'Course it's not too late . . . if I can ever get down this thing! Woops!, *here* comes somebody! *Haw* . . . Haste makes waste. "Too much front brake there?" Boy, Nine miles-per for point-six miles . . . that's only *four* minutes! Impossible. Bet they limed this from a helicopter! Okay, not bad now, get it in second, feet up, clutch in, Wheeee! . . . Clutch out. Turn over, Baby! Boy this is soft. There she goes! Whoa, Baby, whoa.

The "check" turned out to be a conclave of guys zero-ing speedometers and flipping schedules to 24 mph. Three miles down a rocky wash under the railroad bridge: Check G. And shade, but few lingered. On up the wash, then under the highway through Tehachapi pass, more wash and out, over and onto the L.A. Aqueduct service road. Ride a few loafing miles and take a pass through some switchbacks in the hills, cross the road and into the toolies. Checking odometers, riders watched for 16.2 miles, then with no checks legally between them and the Cinco Noonstop (21.2), blasted in to hang on the waterbag.

So went the 'Horn from the riders' viewpoint. Each section (Saturday AM, Saturday PM, Sunday AM, and Sunday PM) appeared to get progressively more demanding. Along with the heat and the fatigue of distance it took its toll. The newcomers — "greenhorns" — usually dropped out first. Not a few who had been "around the 'Horn" in years past were with them, either due to mechanical

failure, pilot error or mysterious gremlins. The first afternoon offered some high-country, eerie erosion-lands with weird formations, mine roads and trails, and finally, blessed Ridgecrest and a night's rest.

Sunday's menu had a few of Saturday's main courses as left-overs, plus an extra helping of rock-crawling and ridge-running out of the Red Mountain gas stop. Course confusion in the early morning caused some of the last riders to miss a quick turn-off up a small canyon to check S, and those that went straight soon connected up with markers and failed to realize the error until the mileage to Red Mountain turned up a mile or two short. Early numbers' tires had wiped out the lime at the turn and with no "Wrong" marker up the error was not easily recognized — especially with lime on the trail from a run just a few weeks before, and then the re-encounter with the true course.

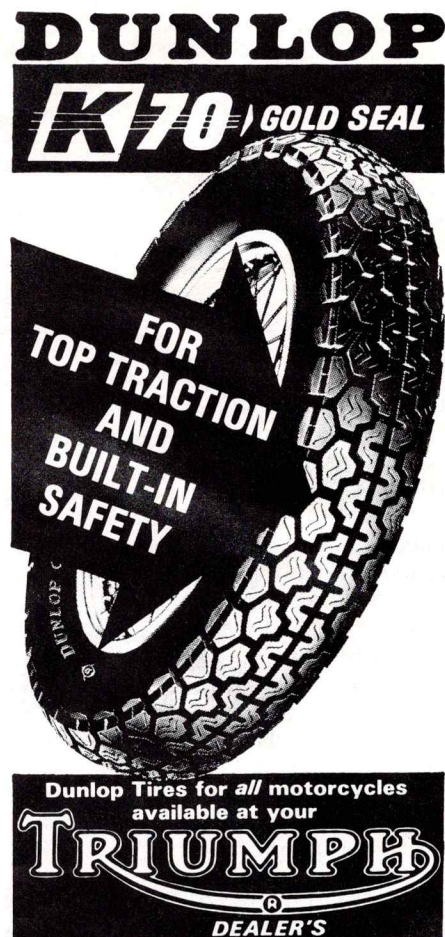

The morning took its toll in the ranks of talented former winners. Dick Chase was kayoed with a broken toe, while his father, Frank, dropped for less personal, but more mechanical reasons. Two-time 'Stakes man Buck Smith rode many miles on a flat rear tire, which although it got him in for replacement, cost a bundle of points; perhaps the third win.

By noon Sunday only a hundred of al-

HARLEY-DAVIDSON
PRE-LUXE® OIL...
PERFORMANCE PROVED!

Like all Harley-Davidson products, Pre-Luxe oil is made for your motorcycle. With a high viscosity index, Pre-Luxe retains its index weight throughout the normal high operating temperatures of motorcycle engines. You get smooth lubrication from starting to top rpm. For years, Harley-Davidson oil has always done the job.

Available at your local dealer.

HARLEY-DAVIDSON

most 300 starters were still with it. It was the next series that told the tale. Just out of Cinco to the west is the bottom leg of the majestic Sierra Nevadas. The program said to crawl up there, run along the top and get back down. None of it was easy pie. One six-mile section at 18 mph was considered as very optimistic.

Some of the men turned back. Others sat and waited for more strength, some clawed their way up. A few — darned few — put trials practice to use, picking carefully, switching back and forth across the face of the climb, then over.

On top, little resemblance to a path existed and marking was sparse. Even the layout crew probably had trouble getting up, and to pack a full lime sack seems impossible. Still, no danger of getting off course existed, there were only two ways to go and one of them was *back*.

At the end of the mountain top was a drop more severe than the upward path, then a semblance of roadway meandered down to the desert spreading below. No sooner was the bottom reached than the shift was made back to 24 mph. No rest for the wicked — or the weary. A bit of Saturday's sandwash under the Tehachapi road was run in reverse, but since a climb on the big downhill of the day before was too much to ask, PMC turned out of the wash to skirt the Horned Toad Hills toward Mojave until a manageable passage was found. (That's how they get

around those hills!)

Back into good country, but averages were too fast to enjoy the ride unless you were one of the rare men still on time. One rider checked in at the bottom of the mountain 60 minutes late, but went on, since he wasn't *over* an hour behind.

Willow Springs was again the fuel stop, but as they rushed to swallow up the five miles prior to a known check another stymie was put in the path. The big hill behind the Road Racing Course is a rugged hunk of decomposed granite. Nothing much can grow there — even lizards. That last five was spent winding up, through, around and finally — sharply — down the mountain. *No rest!*

From there the troops got to ride some of the ground traversed the day before. Thoughtfully, a good bit of the confusion had been removed. Because the finish was being placed before the highway returning to Gorman it looked like a good ride on in to the final check. Some way though, the fourth section crew had discovered the Sahara desert right there in the Mojave. Mile after mile of deep, drifting sand dunes sucked the last drops of reserve strength from about seventy who were still going at the last. Many of these were close to the hour-late deadline that hung as a sword of Damocles, and catching up was about as impossible as maintaining the 30 mph average posted for the run on in from the fuel stop. Some made it. Yes, some actually *made it*.

With all the attendant problems of

scoring a long enduro, PMC issued provisional results about a week after the 'Horn was an echo. Still, careful rechecks must be made of every score, every time listed, and evaluation made of the reliability of the scoring. A scorekeeping committee, on making detailed scrutiny found several errors, made changes in checkpoint status, and six weeks after the run, announced official results. Somewhat awkwardly it was found that the Sweepstakes winner had changed from first tally, but penalty points were close and the winner can only be the man who at final tally has the most of his 1000 points remaining. That man was Dave Ekins, riding a 100cc Zundapp! David's win was no fluke as he is an excellent timekeeper, and the "Zoony's" power, light weight and reliability were the right combination for the obstacles encountered on the '67 Greenhorn.

The twenty-first was a tough one. Maybe the hardest in recent years. It's a tough nut to crack if you want to play for keeps and winning is your only goal. For the "average rider" who accepts the challenge the poster puts before him, the 'Horn will offer miles of good riding, well-marked trails, and a sense of accomplishment unparalleled as the challenge is met and mastered.

Introducing the Rapido. Look quickly.

Rapido. The word means rapid. The cycle means business. Here's 125 cc's of explosive performance behind a smooth, four speed foot shift. Top that off with new styling that looks like it's going someplace. And is. Test ride the Rapido 125. And change your style. Rapidly. For a fast start...get acquainted at your Harley-Davidson dealer. Try the Yellow Pages. Look quick.
